

# We have a challenge

# The solutions are *investible*

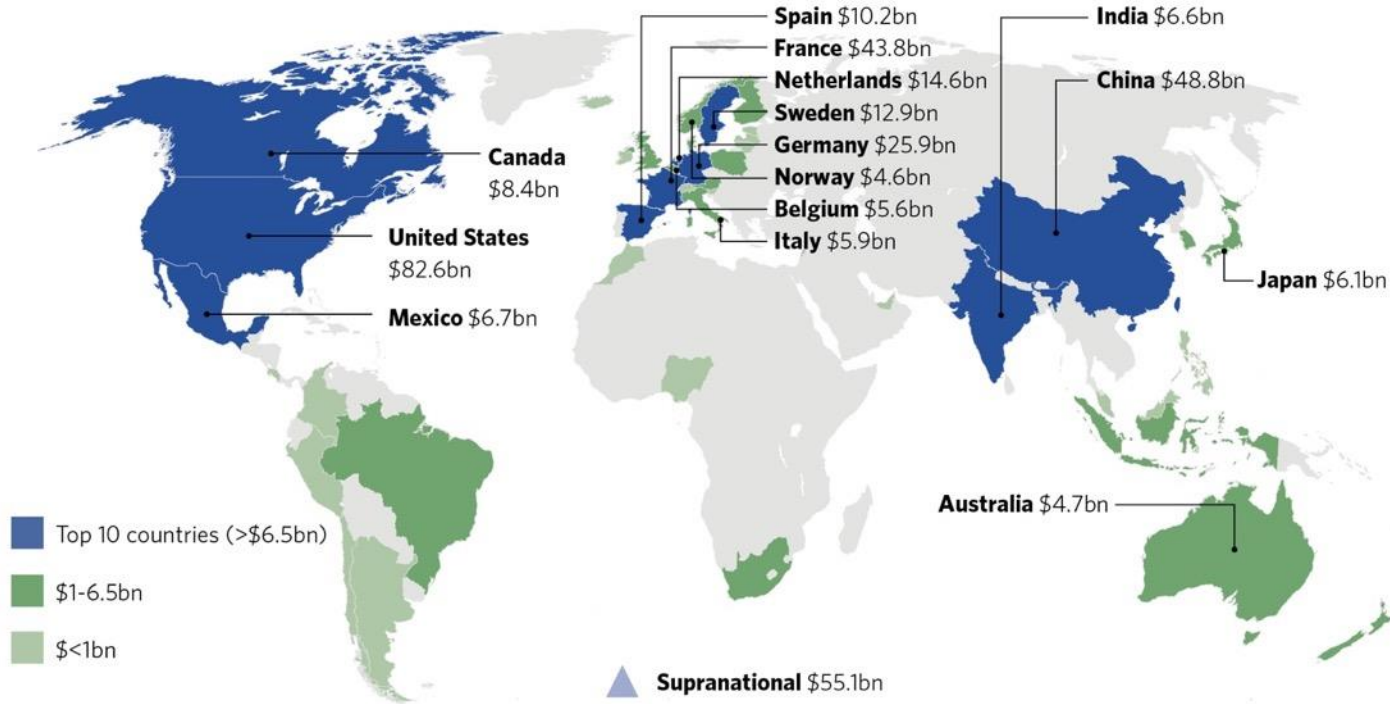

# We have the capital

# It's global

# Beyond green bonds

**Bonds**

RMBS & ABS

Covered bonds

Green loans

Green tagging

Green debt funds

Green infra funds

Credit ratings

Green indices & ETFs.

Transition indices

Green equity

# Next steps

## Green investment pipelines

Bridging structures that allow private investors to manage risk

Clever incentives – for governments

An understanding that it's about jobs, growth, livable cities

Investors: ask why *not* green ?

Drive brown to green.

Partner on green development
